Amsterdam Peace Cup & War Child

The Amsterdam Peace Cup is a football tournament that attempts to create awareness and collect donations for children and young adults that are socially and economically disadvantaged in war-torn countries. We hope that participants while being at the Amsterdam Peace Cup will come to understand that peace, trust and friendship is something you have to work really hard for.

Unfortunately, the living conditions of children all over the world are not the same as in all countries. For this very reason the Amsterdam Peace Cup supports the War Child to offer these children a helping hand and a better opportunity in life.

Project 2015

The Amsterdam Peace Cup 2015 supports War Child. War Child is located in twelve different countries, where they protect children from all forms of physical or mental violence, injury and abuse, neglect or negligent treatment, maltreatment or exploitation, including sexual violence. This organization gives children and young people the opportunity to restore their outlook on the future. They play and have fun together, they learn and develop skills for the future.
